Why Prokoško Lake?

- Hike to Prokoško Lake is not demanding or especially exhausting so it is usually recommended for all nature lovers, even for those who claim they're not 'in the shape' to climb the mountain!
- It's ideal for daily or weekend trip from Sarajevo and therefore perfect for travelers that don't have much time to explore Bosnian mountains
- On your way to Vranica and Prokoško Lake, you can visit town of Fojnica, mostly known for the old Franciscan monastery and its famous library of philosophical and theological works and documents dating back to 15th century
- Fojnica is also a balneological resort. Healing power of thermal water in this area is discovered in Roman times and ever since used as a cure for many medical conditions but also for enjoyment and relaxation. There is a big wellness center in the town, so if you're tired from exploring the mountains and need a spa-break, Fojnica is the place to be!
